

LAZARUS WELLNESS CLINIC

New Patient FAQ's

How do I make an Appointment?

Functional Medicine is different than conventional medicine. It's important that we collect the appropriate information to understand you, make an accurate diagnosis and create a personalized plan. *Simply download and complete our new patient forms below and email them to us before your appointment.*

Do I need to bring anything to my Appointment?

Please email or bring any recent and relevant laboratory testing or any previous diagnostic documents pertaining to your symptoms.

How long is the first Appointment?

Initial appointments are 45 minutes and follow up appointments are 15-45 minutes. Subsequent appointments vary for each person and are only scheduled if your treatment plan requires a follow up.

What is the typical Functional Medicine Treatment Plan?

There is not one single cookie cutter plan, Dr. Lazarus will create a personalized treatment plan after he has discussed with you. He provides numerous clinical nutrition protocols based on your condition or goals.

Can I use my Health Insurance for Functional Medicine?

We are an out-of-network provider with all health insurances. As a courtesy, we can provide you with a billing insurance form if you wish to submit to your health insurance carrier.

Can I use my HSA/FSA for Functional Medicine and Nutraceutical Prescriptions?

Yes, you can use your health savings account for appointments and we can provide a form to be submitted for approval and reimbursement.

Is there a Cancellation Policy?

Due to the high demand for consultations, we require a credit card to secure your appointment. Your credit card is only charged if you fail to provide the proper 48 hour notice for any rescheduled or canceled appointments.
